usuario-controller ⌃

| GET | /usuarios | ⌃ |

Parameters   Try it out

Name	Description
page **integer($int32)** *(query)*	*Default value* : 0 `0`
size **integer($int32)** *(query)*	*Default value* : 10 `10`
sortBy **string** *(query)*	*Default value* : id `id`
name **string** *(query)*	*Default value* : `name`

Responses

Code	Description	Links
200	OK	*No links*

Media type

```
*/*
```

Controls Accept header.

Example Value   Schema

```
          "profile": "string",
          "name": "string",
          "templated": true
        },
        "additionalProp2": {
          "href": "string",
          "hreflang": "string",
          "title": "string",
          "type": "string",
          "deprecation": "string",
          "profile": "string",
          "name": "string",
          "templated": true
        },
        "additionalProp3": {
          "href": "string",
          "hreflang": "string",
          "title": "string",
          "type": "string",
          "deprecation": "string",
          "profile": "string",
          "name": "string",
          "templated": true
        }
      }
    }
  }
```

POST   **/usuarios**   Cadastrar novo usuário   ⌃

Cadastrar um novo usuário na plataforma.

Parameters   Try it out

No parameters

Request body ^required   application/json

Example Value   Schema

```
{
  "login": "string",
  "curso": "string",
  "email": "string",
  "senha": "string",
  "nome": "string",
  "sobrenome": "string",
  "role": "string"
}
```

Responses
